

SALZBURG MATHEMATICS COLLOQUIUM

Summer 2015

March 19, 2015

Otmar Scherzer (Vienna/Linz)

„Variational methods for dynamic image analysis“

April 23, 2015

Florian Luca (Mexico)

„Diophantine m -tuples with values in linear recurrences“

May 7, 2015

Michael Oberguggenberger (Innsbruck)

„Multiplication of distributions and applications to PDEs“

May 28, 2015

Stefan Van Aelst (Ghent)

„Robust inference in the seemingly unrelated regression model“

June 18, 2015

Pierre Calka (Rouen)

„Geometric probability and random polytopes“

Thursday, **15:15-16:00**
Seminarraum II, 1. Stock
