

SALZBURG MATHEMATICS COLLOQUIUM

Winter 2018/2019

November 22, 2018

Franz Schuster (Vienna)

„Affine vs. Euclidean isoperimetric inequalities“

December 6, 2018

David Masser (Basel)

„Solving polynomial-exponential equations“

December 13, 2018

Sören Bartels (Freiburg)

„Simulation of nonlinear bending phenomena: convergence, self-avoidance and applications“

December 20, 2018

Roland Zweimüller (Vienna)

„Probabilistic laws from deterministic dynamics“

January 17, 2019

Andrea Mondino (Warwick)

„Smooth and non-smooth aspects of Ricci curvature lower bounds“

Thursday, **15:00-15:45**

Hörsaal 414, 1. Stock
